# PDF 01 - Vocabulary Explicado

Cada pregunta del bloque de vocabulario con traduccion, razonamiento y vocabulario extra.

## Como usar este PDF

Lee primero las cajas de Exam Tip y Common Mistake. Luego revisa las tablas. Si tienes poco tiempo, ve directo a 'Lo que debes memorizar'.

## Capitulo 1: Vocabulary en contexto

Que evalua

No basta saber la traduccion. Debes ver la palabra antes y despues del espacio. En este texto, casi todo se resuelve por collocation: family-focused play, self-centred person, loyal friend, conventional drama.

## Pregunta 1

Pregunta

This family-\_\_\_\_\_ play tells a story about a stubborn mother and her daughter.

Respuesta

D) focused. family-focused = centrado en la familia.

Por que es correcta

focused forma un compound adjective natural con family. Describe el tema central de la obra: la familia.

Por que las otras no encajan

minded suele ir en open-minded; confident significa seguro de si mismo; informed significa informado. Ninguna forma una expresion natural aqui.

| Ingles         | Espanol                | Uso / nota                                   |
|----------------|------------------------|----------------------------------------------|
| family-focused | centrado en la familia | Compound adjective: family + focused.        |
| stubborn       | terco / obstinado      | Persona que no cambia de opinion facilmente. |
| play           | obra de teatro         | No confundir con verb play = jugar / tocar.  |

Exam Tip

Cuando veas palabra + guion, piensa en compound adjectives: family-friendly, well-known, open-minded.

## Pregunta 2

Pregunta

The mother is arrogant and \_\_\_\_\_.

Respuesta

B) self-centred. self-centred = egocéntrica / centrada en sí misma.

Por que es correcta

arrogant and self-centred es una combinación muy natural para describir una personalidad negativa.

Por que las otras no encajan

easy-going = relajado; open-minded = de mente abierta; tech-savvy = habil con tecnología. Son positivos o no tienen relación con arrogant.

| Ingles       | Espanol              | Uso / nota                            |
|--------------|----------------------|---------------------------------------|
| arrogant     | arrogante            | Cree que es superior.                 |
| self-centred | egocéntrico          | Self = uno mismo; centred = centrado. |
| easy-going   | relajado             | Persona tranquila y flexible.         |
| open-minded  | de mente abierta     | Acepta ideas diferentes.              |
| tech-savvy   | habil con tecnología | Bueno usando tecnología.              |

Exam Tip

Para personality adjectives, revisa si el tono es positivo o negativo. Arrogant pide otra palabra negativa.

### Pregunta 3

Pregunta

The performances were incredible ... which made the play very \_\_\_\_\_.

Respuesta

A) realistic. realistic = realista.

Por que es correcta

Las actuaciones hicieron que los personajes parecieran reales. Por eso realistic encaja con performances y acting.

Por que las otras no encajan

responsible describe personas; well educated describe nivel de educacion; stubborn describe personalidad, no una obra.

| Ingles        | Espanol   | Uso / nota                                 |
|---------------|-----------|--------------------------------------------|
| performance   | actuacion | En teatro, cine o musica.                  |
| bring to life | dar vida  | The actors brought the characters to life. |
| realistic     | realista  | Parece verdadero o creible.                |
| crucial       | crucial   | Muy importante.                            |

Exam Tip

En reviews, acting/performance suele combinar con realistic, powerful, moving, convincing.

## Pregunta 4

Pregunta

The daughter's \_\_\_\_\_ friend ... adds interesting twists to the story.

Respuesta

B) loyal. loyal friend = amigo leal.

Por que es correcta

loyal friend es una collocation frecuente. El amigo apoya a la hija y la hace pensar en una vida mejor.

Por que las otras no encajan

glossy = brillante; futile = inutil; dense = denso. No describen bien a friend en este contexto.

| Ingles   | Espanol         | Uso / nota                          |
|----------|-----------------|-------------------------------------|
| daughter | hija            | Female child.                       |
| loyal    | leal            | Fiel, que apoya.                    |
| twist    | giro inesperado | Cambio interesante en una historia. |
| futile   | inutil          | Sin resultado util.                 |
| dense    | denso           | Texto dificil o material compacto.  |

Exam Tip

Aprende collocations completas: loyal friend, close friend, childhood friend, trusted friend.

## Pregunta 5

Pregunta

This is not a \_\_\_\_\_ drama; it mixes dark humor with deep emotions.

Respuesta

B) conventional. conventional drama = drama convencional.

Por que es correcta

La pista es 'it mixes dark humor with deep emotions'. Si mezcla estilos, no es convencional.

Por que las otras no encajan

funny y hilarious son casi lo contrario de drama serio; well informed describe una persona o texto, no un drama.

| Ingles        | Espanol             | Uso / nota                            |

| hilarious     | gracioso            | Muy divertido.                        |

Exam Tip

Cuando una frase empieza con 'not a...', busca una palabra que contraste con la explicación posterior.

# PDF 03 - Key Word Transformation

Modal verbs of deduction: must, can't, might en presente y pasado.

## Como usar este PDF

Lee primero las cajas de Exam Tip y Common Mistake. Luego revisa las tablas. Si tienes poco tiempo, ve directo a 'Lo que debes memorizar'.

## Capitulo 3: Key Word Transformation

Regla de oro

No cambies la palabra dada. Debes completar con 2 a 5 palabras. En este simulacro, el patron central es modal deduction: must, can't, might.

| Idea en espanol        | Presente               | Pasado                                 | Ejemplo                                      |
|------------------------|------------------------|----------------------------------------|----------------------------------------------|
| Estoy seguro de que... | must + verb            | must have + past participle            | She must be home. / She must have seen it.   |
| Es imposible que...    | can't + verb           | can't have + past participle           | He can't be late. / He can't have forgotten. |
| Quizas...              | might/may/could + verb | might/may/could have + past participle | They might know. / They might have left.     |

## Pregunta 1

Pregunta

Original: I'm sure Georgia saw the message because she replied immediately.  
Key word: MUST

Respuesta

Georgia must have seen the message because she replied immediately.

Por que es correcta

saw es pasado. 'I'm sure' indica certeza. Por eso: must have + past participle.

Por que las otras no encajan

must saw / must seen / must have saw. El participio correcto de see es seen.

Exam Tip

Detecta primero el tiempo: presente = modal + verb; pasado = modal + have + past participle.

## Pregunta 2

Pregunta

Original: It is impossible that Peter forgot about the exam date.  
Key word: HAVE

Respuesta

John/Peter can't have forgotten about the exam date.

Por que es correcta

It is impossible that... se transforma en can't have + past participle cuando hablamos del pasado.

Por que las otras no encajan

El PDF cambia Peter por John. Si aparece así en el examen, sigue la segunda oración, pero reconoce que hay inconsistencia de nombres.

Exam Tip

Detecta primero el tiempo: presente = modal + verb; pasado = modal + have + past participle.

### Pregunta 3

Pregunta

Original: Perhaps Lois knows how to deal with the key word transformation exercise.  
Key word: MIGHT

Respuesta

James/Lois might know how to deal with the key word transformation exercise.

Por que es correcta

Perhaps = tal vez. En presente usamos might + base verb: might know.

Por que las otras no encajan

No usar might knows. Despues de modal, el verbo va en forma base.

Exam Tip

Detecta primero el tiempo: presente = modal + verb; pasado = modal + have + past participle.

## Pregunta 4

|                                                                                              |

| Rose must be here because her car is outside.                                                |

| is here esta en presente. 'I'm sure' indica deducccion fuerte. Por eso must be.              |
| Por que las otras no encajan                                                                 |

| Exam Tip                                                                                     |

| 5 | The author ____ book you borrowed is very famous.       | whose     | book pertenece al autor.   |

### Common Mistake

No confundas who's con whose. who's = who is / who has. whose = cuyo / cuya / de quien.

### Lo que debes memorizar

Persona = who. Cosa = which. Posesion = whose. Si dudas entre who y that, who suena mas limpio para personas en examen.

|---|-------------------------------------------------------------|-------------|---------------------------------------------------------|
| 1 | (WATCH) TV, she suddenly heard a loud noise outside.        | Watching    | Accion activa y simultanea: mientras veia TV.           |
| 2 | The boy (INJURE) in the accident was taken to the hospital. | Injured     | Pasiva: the boy who was injured.                        |
| 3 | (NOT WANT) to be late..., I took a taxi.                    | Not wanting | Negativo + -ing: como no queria llegar tarde.           |

| 5 | (LOSE) his passport, he had to go to the embassy.           | Having lost | Primero perdio el pasaporte; despues fue a la embajada. |

No uses 'Having lost' para acciones simultaneas. Usalo solo cuando una accion ocurre antes que la otra.

Lo que debes memorizar

Watching = while she was watching. Injured = who was injured. Not wanting = because I did not want. Feeling = because she felt. Having lost = after he had lost.

Pregunta 17 explicada

La frase completa es: I don't think that anyone would disagree with. El 'that' conecta con 'I don't think'. Tu respuesta 'anyone would disagree with that' cambia la estructura: ahi that funciona como objeto final, pero el ejercicio esperaba el conector despues de think.

# PDF 08 - Aviso del Profesor

Word Formation y Key Word Transformation segun los modelos de clase.

## Como usar este PDF

Lee primero las cajas de Exam Tip y Common Mistake. Luego revisa las tablas. Si tienes poco tiempo, ve directo a 'Lo que debes memorizar'.

## Capitulo 8: Lo que aviso el profesor

### Importante

Tus capturas muestran dos formatos que probablemente vendran: 1) Word Formation con una palabra base a la derecha. 2) Key Word Transformation usando una palabra obligatoria. Estos ejercicios se ganan reconociendo patrones, no traduciendo palabra por palabra.

## A. Word Formation: correct form of the words

### Como resolverlo

Mira la palabra antes y despues del espacio. Decide si necesitas adjective, noun, adverb o verb. Luego transforma la palabra base: PREFER -> preferable, SYMPATHY -> sympathetic, CONVENTION -> conventional.

| # | Contexto de la captura                     | Word given | Respuesta    | Por que                                                                      |
|---|--------------------------------------------|------------|--------------|------------------------------------------------------------------------------|
| 1 | it was ___ to have a parent...             | PREFER     | preferable   | Despues de was necesitas adjective. preferable = preferible.                 |
| 2 | who seemed to be ___                       | SYMPATHY   | sympathetic  | Despues de be necesitas adjective. sympathetic = comprensivo / empatico.     |
| 3 | parents should be ___, strict...           | CONVENTION | conventional | Adjective para describir parents. conventional = convencional / tradicional. |
| 4 | respect their children's ___               | PRIVATE    | privacy      | Despues de possessive children's necesitas noun. privacy = privacidad.       |
| 5 | Be ___ if you don't agree...               | CRITICISM  | critical     | Despues de be necesitas adjective. critical = critico.                       |
| 6 | teenagers are usually ___ about everything | FUSS       | fussy        | Adjective. fussy = quisquilloso / exigente / que se queja por detalles.      |
| 7 | if they are ___ about the media            | ENTHUSIASM | enthusiastic | Adjective + about. enthusiastic = entusiasmado.                              |

## Familias de palabras de la captura

| Base       | Noun       | Adjective              | Adverb           | Espanol clave                       |
|------------|------------|------------------------|------------------|-------------------------------------|
| prefer     | preference | preferable / preferred | preferably       | preferir / preferencia / preferible |
| sympathy   | sympathy   | sympathetic            | sympathetically  | simpatia / empatia / comprensivo    |
| convention | convention | conventional           | conventionally   | convencion / convencional           |
| private    | privacy    | private                | privately        | privado / privacidad                |
| criticise  | criticism  | critical               | critically       | criticar / critica / critico        |
| fuss       | fuss       | fussy                  | -                | queja / quisquilloso                |
| enthusiasm | enthusiasm | enthusiastic           | enthusiastically | entusiasmo / entusiasmado           |

### Common Mistake

No pongas la palabra base sin cambiarla. Ejemplo: 'they are enthusiasm' es incorrecto porque despues de are necesitas adjective: they are enthusiastic.

### Exam Tip

Pregunta mental rapida: Que tipo de palabra falta? Si antes hay be/are/was, probablemente adjective. Si antes hay my/his/their/children's, probablemente noun. Si modifica un verbo, probablemente adverb.

## B. Key Word Transformation: same meaning

Tres reglas obligatorias

1) Usa la palabra dada sin cambiarla. 2) Mantén el mismo significado. 3) Usa entre 2 y 5 palabras. Las contracciones cuentan como 2 palabras en muchos exámenes: don't = do + not.
